From the novel : The Rise and Fall of a Dragon King

Sielba is known as Sprite-Claw instead of the Destroyer of Pterrans

Another champion might have existed, it would be the Centaur-Crusher

Lalali-Puy is known by Hamanu as Inenek

Inenek (Lalali-Puy) is known as Ogre-Naught instead of Aarakocra Scourge

There is another mention of a champion. Is name is Pennarin.

Borys might not have been the first Butcher of the Dwarves.
